PRESS RELEASE**SUPREME COURT OF INDIA ONBOARDS NATIONAL JUDICIAL DATA GRID**

With Supreme Court of India onboarding the National Judicial Data Grid (NJDG) portal, the flagship project of the e-Courts project completes the full circle. Now we have all three tiers of Indian judiciary on NJDG portal. NJDG is recognized as a significant innovation under the ease of doing business initiative of the Government of India.

The NJDG portal is a national repository of data relating to cases instituted, pending and disposed of by the courts across the length and breadth of the country. Now on a click of a button, one may access case related information, statistics such as institution, pendency and disposal of cases, case-types, year-wise break-up of the Supreme Court of India.

NJDG has been developed by National Informatics Centre (NIC) in close coordination with the in-house software development team of the Computer Cell, Registry with an interactive interface and analytics dashboard. The entire database shall be periodically updated on the NJDG portal.

To date the NJDG portal remains unparalleled, and the same is accessible at a click of a button to its citizenry. NJDG is *sui generis* as it has brought transparency, and accountability within the realm of the Indian judicial system by sharing all relevant data of cases instituted, pending and disposed of.

Since the launch of the NJDG portal, the benefits of the NJDG portal can be summed up as under:

- (i) increased transparency
- (ii) accountability and responsibility
- (iii) improved efficiency
- (iv) increased coordination
- (v) informed decision making
- (vi) optimum deployment of resources and manpower
- (vii) single source of data
- (viii) huge potential for high-quality research work

The NJDG-SCI portal can be accessed through the website of the Supreme Court of India by clicking on the tab button – [NJDG](#)
