8-Having heard learned counsel for the parties and examined the matter in its entirety, I find that during investigation, it is established that the said social media post against India and in support of Pakistan, has been posted/uploaded by the applicant through his Facebook account, as noted above. Learned counsel for the applicant could not give satisfactory reply about posting/uploading the aforesaid posts. The comment made by applicant while insulting Indian National Flag that 'Ab to kutty b mot rahe h'' is a matter of grave concern. Considering the materials available on record, it is apparent that the feelings of the applicant for this country i.e. India is not patriotic and prima-facie it appears that he had intentionally posted the said posts with a view to lower down the dignity of India. This Court is also of the view that the said posts uploaded by the applicant through his Facebook account are provocative, objectionable and capable of inciting communal disharmony and disturbing public peace and order. The said posts indicate inclination towards glorification of anti-national ideology, which cannot be ignored.

9-Here, it is relevant to mention that the Indian National Flag is symbol of pride and patriotism. It represents the hope and aspiration of the people of India. The top saffron colour indicates the strength and courage of the country. The white middle band indicates peace and truth with Dharma Chakra. The green shows the fertility, growth and auspiciousness of the land. Every Indian citizen must safeguard and protect the National Flag of its dignity and honour. The Indian National Flag should not be intentionally allowed to touch the ground or the floor. It should be revered and any comment or insult, is a punishable offence by law. Act of insulting the national honour by burn, mutilates, defiles, destroys, tramples upon is an offence. Any

person, who is directly or indirectly involved in maligning the image of our country (India) and National flag in any manner are hazardous for the society, hence such persons are not liable for any sympathetic consideration.

10-As a fall out and consequence of above discussions as well as considering the overall facts and circumstances of the case, keeping in view the submissions advanced on behalf of parties, nature of the posts allegedly posted / shared by the applicant on social media platform as noted above, gravity of offence and their potential impact on societal harmony, role assigned to applicant and severity of punishment, I do not find any good ground to release the applicant on bail.

11-Accordingly, the bail application of applicant is *rejected*.
